Dedication

We The Class of 1960 proudly dedicate our yearbook to the teachers who have taught us through the years at Don Bosco. They have unselfishly applied themselves to instill in us the ideals of Don Bosco. Without their untiring efforts we would not be here today, to present this token of our appreciation.

They have taught us the academic subjects well, with spiritual guidance always at hand. We hope that this dedication, although small in comparison for what they have done for us, will in some way compensate them.

Most Reverend Thomas A. Boland, S.T.D.
Archbishop of Newark
33 Mulberry Street
Newark, New Jersey

Most Reverend and dear Archbishop:

Mere words cannot express the joy that will be in the hearts of every senior on graduation day, June 11th, 1960. Your presence, Most Reverend Archbishop, will be among the paramount reasons for this joy. Graduation day will have a two fold nature for the graduate. While it marks the end of one important phase of our life, at the same time it begins a new one of equal importance. We consider ourselves indeed fortunate in being started on our way by our beloved Archbishop.

We will leave these hallowed walls to pursue various courses in life. Many of us may never meet again, but the pleasant memories which each possesses in his mind will forever keep us united in spirit.

Gratitude will ever remain in the hearts of not only each member of the graduating class, but also the faculty, and the entire student body. We are grateful to you for your acceptance of our humble request to be present at our graduation ceremony.

May we ask your prayers and your pastoral blessing for ourselves, our parents, our superiors, and our friends.

Your faithful flock,
The Class of 1960

Dear Graduates:

Willingly do I accept your gracious invitation to give expression to a thought of mine on your behalf.

Within a few months, Don Bosco High will become a memory, just a memory, but a very long, meaningful memory stretching out into eternity itself -- the eternity which you yourselves will build day by day, employing time in accordance with sound religious principles learned at Don Bosco!

Sincerely always,

May 24th, 1960

Dear Graduates of Don Bosco:

The year 1960, so significant because of Our Lady's apparitions at Fatima, marks the forty-fifth year of Don Bosco High School's existence and the dedicated work of many Salesians who in the spirit of Saint John Bosco have been implanting a filial devotion to Our Lady under the title of Help of Christians. When you leave the portals of your Alma Mater, I pray that you will take with you the spirit of Don Bosco, a complete dedication to her, the Mother of God.

As graduates you are sharing in the Don Bosco family heritage. In leaving Don Bosco as a student you become an Alumnus and join the ranks of the many who today hold positions of responsibility and eminence in society. Never forget the fine things you have learned during your high school days and always so conduct yourselves that you may be a credit to your church, your country, your family and your school.

May the ties of friendship grow ever stronger and God's blessings always accompany you.

Thanking you for the many excellent contributions you have made during your four years at Don Bosco and assuring you of my prayers, I am,

Cordially yours in Christ,

Don Bosco High School

Coat of Arms

The upper part of the shield contains three silver pine trees, which signify the surname Bosco, meaning forest, or trees. These are superimposed on bars of red and blue outlined in gold, taken from the coat of arms of St. Francis de Sales, principal patron of the Salesians. The bottom part of the shield is divided into three sections containing a star, an anchor, and a flaming heart on a field of blue and red; and these stand for faith, hope, and charity, respectively. This symbolism is taken from the heraldry of the Salesian Society. On the upper part, or chief, there is the motto of the school, "To Grow in Knowledge and Grace." Directly below this there is the lamp of knowledge and the year of the school's foundation. On the lower part, or base, there is the ram which signifies Ramsey, and below that, the name of the school and its location. As one wears the shield, the *dextra,* or right side, contains clusters of oak leaves ,signifying growth in character development. To the *sinister,* or left, there is a cluster of olive leaves signifying scholastic and athletic achievements.

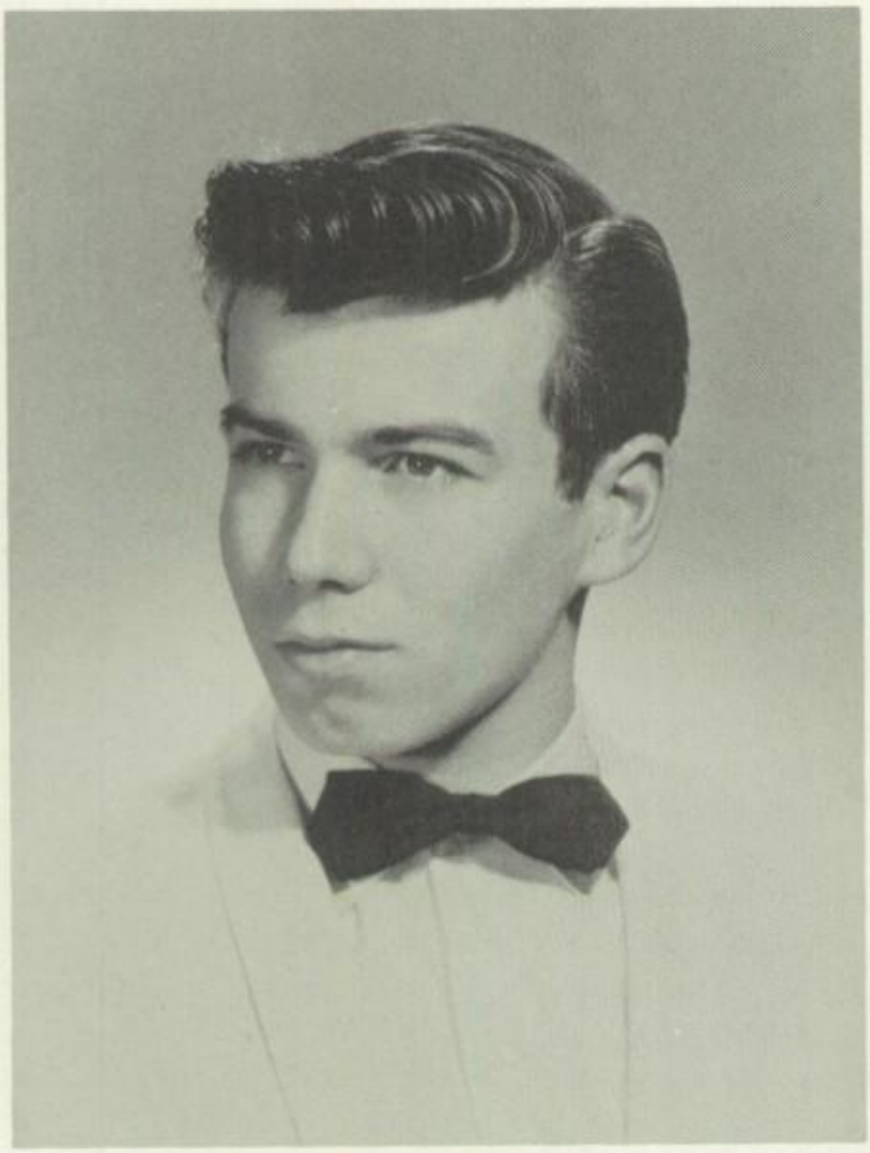
Bill has been with us for four years now, and it can be said that Bosco is losing one of her right hand men. He is always willing to help in any situation which might arise. Bill has been the Basketball Manager for the past two years. His untiring efforts have been greatly appreciated during the past four years at Bosco. We wish you the best of luck in all your future endeavors, Bill.



ANTHONY J. URGO

Tony is another four year man at the Prep, and certainly a good one for a joke. But don't take Tony wrong, for besides laughs he's an untiring worker and a good student. He certainly can't miss being a success in Engineering.

ROBERT H. VANDERCLOCK

For reliability, steady effort, and downright good friendship Bob is the boy you want to meet. His pleasant personality is part of him. Bob is on the more quiet end of things, but nevertheless he does not miss anything important. However, once he gets going, look out! He is always popular with the boys and was president of the Spanish Club in his third year. Good luck from all of us.

THOMAS H. WALKER

Tom is the embodiment of happiness and goodwill. Wherever he is, there is laughter, happiness, and cheer. His sincerity of character has caused us to appreciate him immensely. Goodbye Tom, and may you always be as successful as you were at Don Bosco.

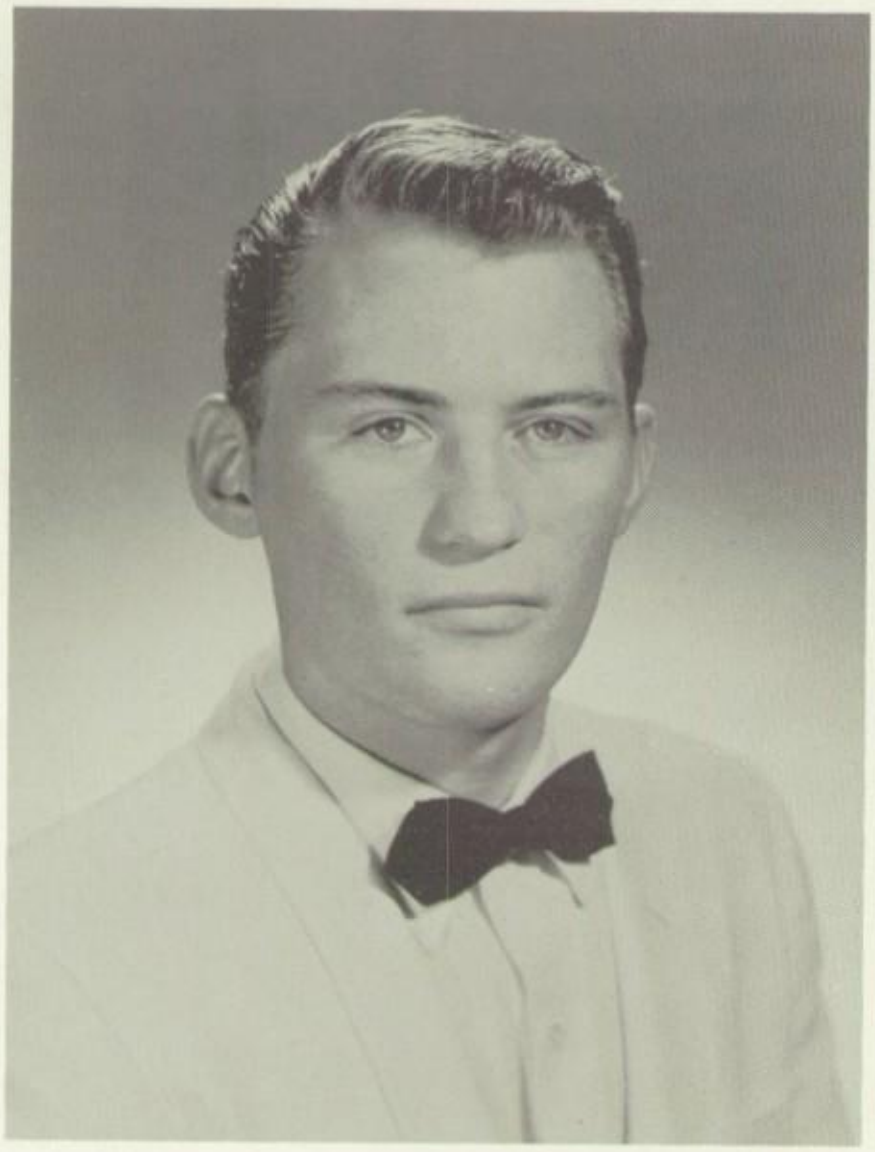
FRANK J. WALTON

Frank is one of the more athletic seniors of our class. He has proven himself not only on the basketball court but also on the track team. His constant diligence has proven his abilities to all of his classmates. As one collective group, the Senior Class is very proud of one of its foremost members. We wish Frank the best of luck and we are positive that he will succeed in whatever he may undertake.

Basketball Team 3, 4; Intramurals 2, 3, 4.



RICHARD M. WILSON

Rich, good-natured, easy-going, is generally soft spoken, but his words carry weight. We are sure that, no matter where he goes, he will win many friends, and be a credit to his class. Rich plans to enter the field of meterology after school. Good luck, Rich.

Football Team 2, 3; Intramurals 2, 4.

JOSEPH P. WOZNEY

Joe has been with the class right from the start. He has always taken part in class projects in his own quiet way. His ability to get along with all and his willingness to help will always be an asset to anything he does.

JOHN D. YORKE

"Jon" is the last senior on the list as far as the alphabet goes but when it comes to popularity he is on top. His hobby may we say is getting along with everybody. During his four years at Bosco he has done a fine job on the football team and track. We know that whatever John does, he will be a success in life.

3A

Our Class is situated in the newest classroom in St. John's Hall. We are privileged to have Mr. Moldovanyi as our moderator.

Our class will long be remembered for its outstanding performance in the Intramural Track and Field Day, in which all the classes in the school participated. 3A came out scoring the most points of all the classes. As for sports our class exceeds in all the major sports. John Sheehy, next year's captain and Vono are the valuable men on the Don Bosco Football team. Steve Archer and Joseph Jugovich were high scorers during the basketball season. James Sisco is one of the fine young pitching prospects who will be called upon to lead our team to a winning season.

Our class average is in the upper eighties and we are all looking forward to our senior year.

3B

Our class of 3B can be proud of its members even though we are not outstanding in regards to athletics and scholarship, but its members make fine use of their abilities. We are especially proud of those who did make the Honor Roll and are active in the various sports and clubs at our school. Our gratitude is shown to Anthony Przybyszewski, and the other members whose names frequently appear on the Honor Roll.

In regard to our athletic ability we have Frank Delessio and Billy Gunn representing our class on the gridiron. Among others are Anthony Przybyszewski, Alfred DeCotiis and Frank Delessio who have shown much ability on our Track and Field teams here at school.

As far as baseball is concerned, representing our class are Hank Altvater and Joseph Rullo.

Lastly we wish to thank Mr. Garone for his guidance throughout the school year.

Class officers this year are Robert Turi president, Tony Randazzo vice president, Bill Van Vooren secretary, and Dan Waraska as Captain of Sports.

This has been a very enjoyable school year and we are all looking forward to next year when we will be seniors. Good Luck to the Class of '60.

3D

Despite the fact that 3D is down in the basement they manage to make themselves prominent in the many activities of the school. The class is well represented on the Honor Roll and also in the National Honor Society. On the other side of school life, they have many participants in Varsity Football, Baseball, Track and Basketball; also many members of this class participate in many of our school clubs.

Towards the end of the year, though it seems rather warm down there, all of the class keeps awake and manages to concentrate on what is going on.

It has been a very enjoyable school year and everyone has tried hard. Though there are some sighs of relief at the thought of the approaching summer vacation, everyone is looking forward to returning next year as seniors.

Scholastically the class has a high eighty average and Andy Lapiça has been the honor sutdent of the school more than once. Our favorite teacher is Mr. Buchichio, while our favorite subjects are lunch and study hall. We wish the graduates Good Luck and we hope someone will wish us the same in 2 years.

2B

In the beginning of the school year the "honorable class of 2B" jumped off to a good start in the athletic department by winning the sophomore division of the Intramural Football League. The class team was spirited to a winning season by right-end John Quintano and quarterback Dom Auriemma. The Annual Field and Track Meet was also a successful gain for the class of 2B. Our class placed third in the competition. This was made possible by the efforts of Sal Garcia, Jose Jimenez, and Frank Nemcik. In regular school sports the class has more than eighty-percent participating.

Among the other classes in the school 2B rates average in studies and class work. The students of our class think that Biology is the most interesting subject, but the hardest to master.

On the lighter side of our class activities the "Spanish Babies," as Father Joe named them, under the leadership of Xavier Haz, are always planning an uprising against school. Under our honest treasurer, Gene Drzal, the class has managed to keep a successful "point system." The system is centered around the watchful eye of Mr. Taray who does not spare many points. At two thiry-five our home room teacher, Mr. Sterling, makes the class assume the regular squat position which in his words is "the punishment that strengthens the legs." Through trouble, sorrow, and examinations the class of 2B will always be triumphant.

2C

We of 2C would like to wish the graduates of '60 good fortune and success in whatever endeavors they might take up after leaving Don Bosco.

I must say that our second year at Bosco has certainly been an interesting one. With teachers like cool, calm, collective Brother Justin, Mr. Taray, in whose class we cover so much Geometry every day that it is a wonder that anybody still remembers what the subject is about, Mr. Herold and Mr. Campo, in whose classes we finally are able to assimilate some of the work. We learn a lot in Father Al's Religion class too, principles of Religion ,and not only Religion but every other subject under the sun.

We also have the fortune of having Brother Paul for Health, in whose class distinguished gentlemen like Robert Clarke, Richard Borwne, and Michael McGovern carry on heated debates with Brother Paul on matters which are dear to all of our hearts. For languages some of us are fortunate enough to have Brother Justin again for French, while other realy lucky boys can get in some extra sleep during Brother Rudy's stimulating and invigorating German course, others must suffer the hardship of the difficult language of Spanish in a very quiet classroom which is under the guidance of Mr. Brennan. Another wonderful feature of our exciting day is having Brother Justin for Homeroom Teacher—yes sir, running for your bus five minutes after the bell has rung is certainly interesting.

2D

We the class of 2D sincerely extend our congratulations to the class of '60. We hope they will succeed in all their endeavors.

Our class is very well rounded not only mentally but also physically. We have many representatives in every school sport. Our best athletes are Matonti, Pace, Cocoran, O'Grady, Plodkowski ,and Silva.

I only hope that our sophomores will live up to the high standards set before us by our prominent seniors.

In our class we have a few athletes, we have only one football player, Joe Carabello, two basketball players, Jim Brown and Jim Malloy, and two baseball players, Jim Brown and Jim Malloy. On the Track Team we have Thomas Vaughan, Bob Elschner, and Ed McAuliffe.

We are an average class, our two brightest boys are Bob Elschner and Jim Schafer. On the whole I think we have a great class.

1A

1A in the opinion of its members is the best class in the whole school. During our first week at school we held elections and Joe Galletta turned out as president, Carl Santora, vice president, and David Grine as secretary. Our favorite teachers are Mr. Dooley and Brother Rudy. Mickey Vaughn is the best athlete in our class and participates in almost all sports. Several of our members belong to the various clubs in our school. As freshmen we wish the seniors all the success in the world and it won't be long before we will be in their places.

1B is a class that gives all it's got to give the class a good name. The boys belong to a lot of clubs, such as the Glee Club, Radio Club, and Electronics Club. Some boys are playing sports which gives the school a good name.

Our favorite teacher is Brother Rudy, whom everyone admires. The class officers are: President, Richard Kennedy; Vice-President John Ehrlich; and Secretary Dennis Garofalo.

The reason they gave us the name 1B is because the 1 stands for the first in the school, and the B stands for the Best.

1C

1C has been fortunate this year by constantly being represented with top marks by Tim Coyle. In addition, the class has dominated the second honor roll.

Our class has shown good school spirit in sports and was one of the few classes to reach their quota in the magazine drive.

Athletically speaking, we have constantly supported the various freshman teams and are proud to say that our Captain of Sports, Sal Trezza, saw some action on the varsity football team. We are looking forward to our sophomore year and we feel confident that we will excel scholastically and athletically.

1D

We the class of 1D are thirty seven in number. I imagine we are not the best or the worst class that our Alma Mater has seen, but I think most of us try our best, scholastically first and spiritedly second. Although this is only our first year most of the members try to contribute to the renown of the school.

Many of us have entered wholeheartedly into sports and various clubs and are well represented on the freshman athletic teams. Although we are new at the game our members have taken an active part in all school activities with a spirit of good sportsmanship and vigor.

STUDENT COUNCIL: *Sitting:* James Powers, Robert Turi, James Hammill, Anthony Przybyszewski, Allan Fiore, John Yorke, Peter Heistand, Fr. Al Dicairano (moderator), John Ott, Edward Schmitt, Drew Nugent, Richard Kennedy, Stanley Kollis. *Standing:* Stanley Frankoski, Robert Langan, William Schmidt, Terrence Murray, Anthony Aversa, Joseph Galletta.

Student Council

As the 1959-60 school year starts, the Student Council, now in its third year at Don Bosco, prepared an agenda for the activities it was to undertake at its meetings. The meetings were presided over by president Peter Heistand, with vice-president John York, secretary-treasurer John Ott, and moderator Fr. Al DiCairano. These activities included drawing up a constitution, sending delegates to state and local student council conventions, taking part in planning assemblies and pep rallies, promoting the cleanup campaign with the cooperation of the Art Club, "Keep Christ In Christmas" campaign, and backing up financial drives such as the magazine drive and the Bishop's Relief Fund. The Student Council feels it has accomplished a great deal this year, and looks forward to future years of equal success.

NATIONAL HONOR SOCIETY: *Standing:* Robert Glynn, Frank Natale, John Grillo, Richard Young, William McCabe, Nick Sadnytzky, Fred Wharmby, Daniel Waraska, John Kelly, Jeffrey Keahon, Gerard O'Brien, Anthony Napolitano. *Sitting:* Dennis Finnerty, John Pope, Robert Johnson, Edward Schmitt, Fr. Edward Mazurek, Robert Kerr, Peter Heistand, Peter Schmid.

National Honor Society

The St. Francis de Sales Chapter of the National Honor Society was granted its charter in January, 1959. The expressed object of the chapter is to create an enthusiasm for scholarship, to stimulate a desire to render service, to stimulate worthy leadership, and to encourage the development of character in students of Don Bosco High School.

Membership in the chapter is either probationary, active, or graduate. Probationary members are selected from the underclassmen. If they maintain high standards, they may become active members in their junior year.

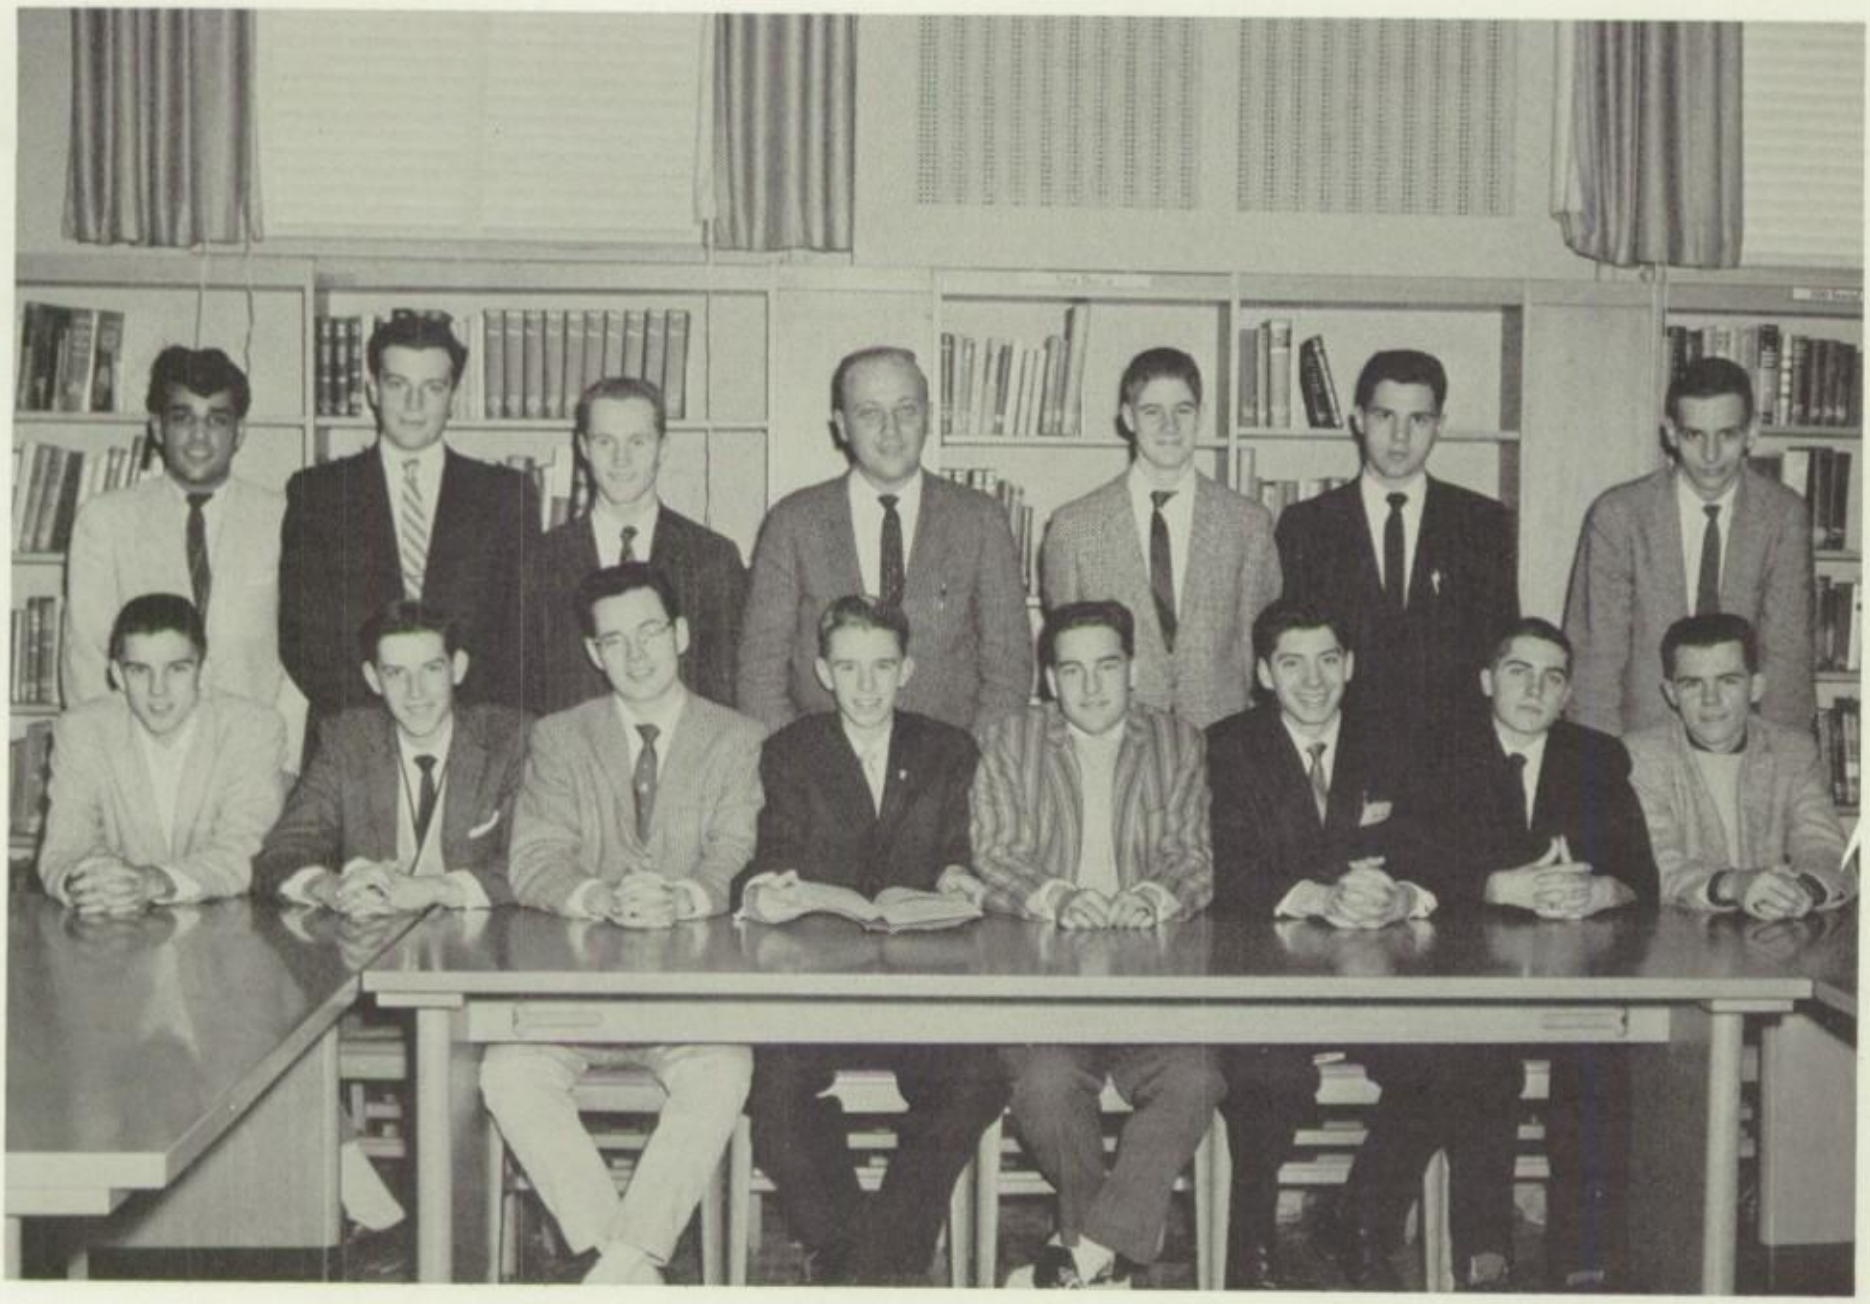
The Don Bosco Glee Club Under the Direction of the Rev. Edward Mazurek, has again this year given of itself fully in the participation of the school program. Its many musical accomplishments have been enjoyed by all.

Glee Club

Our Glee Club, under the able direction of Fr. Clementi and valuable assistance of Fr. Edward Mazurek, has produced beautiful melodies during the past school year.

Although many hours of practice are required in order to establish a well functioning and harmonious choral group, every member enjoys his participation and all delight in the end product of our Glee Club.

We feel that we have given of our time freely and with as little complain as possible. We hope that next year's Glee Club also participates in the various functions of the school and enjoys it as well as we have.



Bottom Row: B. Crawford, J. Carroll, R. Glynn, P. Schmid, J. Wozney, A. Napolitano, K. O'Hara, P. Heistand. *Back Row:* F. Arcoroli, F. Natale, E. Schmitt, Mr. Bruchalski, G. O'Brien, R. Kennedy, W. Dec.

The Americana Discussion Forum

The Americana Discussion Forum is a student campus activity devoted to the discussion of current world affairs and the social sciences. The prime objective of the Forum is to acquaint the members with current trends in domestic and foreign affairs, and secondly to alert them to the existing conspiracy of atheistic communism. Moderator and director of the Forum is Thaddeus S. Bruchalski, B.S., head of the Department of Social Studies. The members are headed by Peter Schmid, president; Robert Glynn, vice-president; John Pope, secretary; and Joseph Wozney, treasurer.

YEAR BOOK STAFF: *Standing:* Jack Crawford, Nick Melillo, Vincent Fennimore, Gregory Tocci, John Pope, Michael McCarthy, Peter Heistand, Dennis Finnerty, Thomas Walker, John Grillo, Tony Buckman, James Hammill, John Ott. *Sitting:* Robert Glynn, Bro. Joe LaForge (moderator), Raymond Taylor, Lance Shaw, Drew Nugent, Gerard O'Brien, Edward Schmitt, George Banino. James Mangan (Missing).

Yearbook Staff

The Year Book Staff though large in members was small in workers. On the whole the book was written by a small percentage of the members. If it were not for the long, hard, enduring hours that these few boys worked you would not have such a fine book today. Most of all team work was essential. We wish to thank the underclassmen who willingly contributed time and articles to this book. We hope they will work as hard for their own year book as they did for ours. If it were not for the excellent, unselfish and untiring help of the faculty, especially Bro. Joe LaForge, this book would not have been possible. We hope that his book will stand out from the other year books as a great contribution from a great class.

NEWSPAPER STAFF: *Sitting, l. to r.:* N. Sadnytski, K. O'Hara, E. Schmitt, M. Sieferth, (editor), S. Kocot, G. Klein, Rev. A. Di Cairano, (moderator). *Standing, l. to r.:* L. Shaw, J. Pirozzi, R. Taylor, C. Schultz, E. Tirello, R. Mizdal, G. O'Brien, J. Napolitano, G. Tocci, J. Turner, T. Tauskey.

Newspaper Staff

The school publication, DON BOSCO AT RAMSEY, is under the direction and moderation of Reverend Alphonse Di Cairano, S.D.B. Although the paper's organization is considered a club, the members prefer to call themselves staff members, as they are regarded just the same as any member on the New York Times. Under its present editor, Michael Seiferth, the publication has taken a radical turn—for the better—in regards to its foremat. Ever since the first edition was published in 1951, the style has been a magazine effect publication not accepted for contests in which it could be entered. However, its style has been changed to a regulation foremat which may be accepted by the New Jersey Scholastic Press Association.

During the scholastic year, the publication has "come out" eight times with a total of thirty two pages. This number is almost twice the number of editions in previous years.

ART CLUB: *Standing:* Peter Schmid, Donald Kreuser, Robert Gaden, Charles Schultz, Joseph Maineri, Edward Tirello, Jack Kenlon, John Sweeney. *Sitting:* Richard Mizdal, Bro. Justin, Charles Sudol, John Yorke, Ronald Poh. Missing (Stanley Kwiatek).

The Don Bosco Art Club

The year 1960 has produced an Art Club which has been a genuine benefit to the school. This is mainly due to the fact that throughout the scholastic year its members have designed and painted helpful posters concerning various subjects. These posters were done in co-operation with the student-council for the welfare of the entire student-body.

Other achievements have been: participation in the Fine Arts Festival, assisting the Dramatics Club in the painting of scenery, preparing drawings and paintings for the school newspaper, preparing spiritual bouquets for the school officials, and completely re-painting the statue of Our Lady of Fatima.

Although all of the members have constantly been kept busy, all the members readily agree that it has been a most rewarding experience to contribute to the school in a way that they can do their most!

President, Richard Mizdal

Library Club

The Don Bosco Library Aides are members of the Senior, Junior and Sophomore classes who staff the circulation desk, prepare book displays, repair library materials and generally serve as "the good right hands" of the librarians. As members of the club, they also represent Don Bosco at meetings of the Student Library Assistants Guild, an adjunct of the Catholic Library Association.

LIBRARY CLUB: *l to r.:* A. La Pica, D. Kramer, E. Tirello, J. Powers, J. Silva, M. Saunders, R. Clarke, R. Connelly, J. Peyton, C. Schultz, B. Guider, T. Dando, R. Forenza, T. McGraw, C. Jakubowski.

PHYSICAL FITNESS CLUB: *Standing:* Jim Schafer, Anthony Villano, William Kreuder, Gerald O'Brien, John Sheehy, James Hammill, Kenneth Maciorowski, Lawrence Grinch, Joseph Stelmashuk, William Singer, Corrado Vono, Robert Nodes, Anthony Przybyszewski, Henry Vitiello, Mr. Smith (moderator). *Kneeling:* Ronald Gutkowski, Michael Neumar, John Drowe, Edwin Boss, Santo Paterno, Gregory Tocci, Joseph O'Connor.

Physical Fitness Club

Health of the body is as important as health of the mind. Here at Don Bosco we encourage sports and the like. This is aimed to relieve the tension of the body so that the mind can facilitate better in its studies. This is the purpose of the Physical Fitness Club. It was organized by Mr. Smith who is its present moderator. The club helps to build the body while it strengthens the character. A healthy body usually produces a healthy mind. The club meets after school, when it can have free use of the school sports facilities. Here they learn to master sports and gymnastics. I hope that this club can be encouraged in future years. It is something that is necessary for the well functioning of any school.

First Aid Club

Accidents are constantly occurring; in the home, on the highways, in school or any other place where a person might go. These accidents range from scratches, minor burns and bruises, to the death of an individual. Death in most cases can be avoided if the proper treatments are given in time, and in like manner many accidents which are not as serious still require immediate attention. Of course having a doctor on hand when a mishap occurs would be the ideal thing, but this seldom happens. The purpose of our group therefore is to give its members enough knowledge and confidence to aid those afflicted until medical assistance arrives.

Under the guidance of Mr. Smith, the formation of this group was met with enthusiasm. Most of those taking this course are doing so in order to help them get a summer job such as a lifeguard or a camp counselor. Red Cross first Aid Cards will be given to those who satisfactorily complete this course.

Dramatics Club

The Don Bosco Dramatics Club, under the direction of Bro. Paul Demers, rendered two productions, namely "Major Milliran Reports" and "Summer Comes to the Diamond O." The Club won the sectional Provincial Contest, but was defeated in the Provincial Contest. The final production "Summer Comes to the Diamond O," was presented to the student body in Honor of Father Director on his Feast Day, and to the parents during the Fine Arts Festival. The members of the Dramatic Club wish to extend their congratulations to the class of '60.

Radio Club

The Don Bosco High School Radio Club has its own transmitter and receiver located in its "shack" in St. John's Hall. The club was formed to promote an interest in this fascinating and educational hobby; to offer interested students instruction in the radio theory and morse code, which is so essential for an amateur radio license.

The club was licensed this year by the Federal Communication Commission; now ..."CQ from Don Bosco can be heard throughout the air ways.

Electronics Club

The Electronics Club is one of the newest in the ever expanding list of extra-curricular activities offered to the students here at Don Bosco. Mr. Anthony Kiss as club moderator and Bernard Crawford as club president. The Electronics Club was started in order to try and give its members a firm foundation in electronics as it applies to our every day lives, and to foster vocational interest in this highly interesting field.

JUNIOR SCHOLARSHIP CLUB: *Kneeling, l. to r.:* M. Sisbarro, B. Turnbull, B. Bucceri, R. Turi, M. Winhardt, K. Aitken, J. Foreman, R. Glynn, R. Hrubec, J. Schulz. *Standing, l. to r.:* R. Burnett, D. Kramer, J. Keahon, E. Sudol, E. Piela, R. Pechinski, J. Campoli, R. Dammers, J. Wos, M. Bober.

One of the prime aims of Don Bosco Prep. is to prepare its students for further education. In order to get into college it is necessary to take a series of aptitude tests. This holds in many cases, and in order to give students who were doing well an even better chance, the Scholarship Club was formed. This club was put under the direction of Bro. Joseph LaForge who immediately began to condense almost entire courses such as English, Mathematics, History and other such fields. Through his precise enumeration of the important facts, concepts, and ideas of the various fields, the members of the Scholarship Club were able to absorb a great deal of knowledge in a very short time. The work was hard and sometimes Bro. Joe found it necessary to "round up" his would be scholars from such places as the ball field. However, it became apparent to all the members of the club that the chance offered here was very valuable. The Scholarship Club has helped its members with their school work and has enabled them to get higher scores on many achievement tests.

German Club

The aim of the German Club is to learn more about the German language and, in so doing, learn more about the country of Germany. The manner in which we do this is twofold: first, the German Club carries on a correspondence with boys in Germany in order to learn more about the language. During our meetings we discuss these letters. Second, the Club discusses world problems concerning Germany in order to learn more about that country and its relationship to the rest of the world. These discussions have been made very interesting largely through the efforts of our moderator, Professor Erhard. This activity has made the study of German more interesting and more important.

Campus Activities

Sports help mold characters, here at Don Bosco various sports are encouraged during free time and after school.

If it were not for the presence of our cheerleaders our games would have had little school spirit.

After studying hard all morning; a short break after lunch is welcomed.

Final

Don Bosco took 2nd place in Catholic State Meet Finals.

Stars are made; not born. Ed Schmitt has worked the hardest at it and has become a star. He stands out as a model for every underclassman. Not only has he excelled as a student but also as an athlete. It isn't often when you find a student who maintains good marks and is still able to excel at sports. But in Ed you have this combination.
